A Word to the Wise!

HIGHLY IMPORTANT TO FARMERS

Renner's Chemical Fertilizer!

THE importance of a quick, active and durable Fertilizer, adapted to the soil of our county, is acknowledged by all Farmers. Having satisfied myself, after long study and careful experiment, that P. C. REINER'S

Chemical Fertilizer

surpasses all others in adaptedness to all kinds of soil, I have purchased the right for Adams county, and am prepared to fill orders for it promptly and on reasonable terms. It is no humbug, but

HAS BEEN SUCCESSFULLY TRIED

by a number of our Farmers, and is admitted by all who have it to be the best in the market, and the cheapest. I am prepared to furnish this Fertilizer in any quantity, and will deliver

In any town or village in the County,

when ordered in not less a quantity than a TON. I manufacture it for sale in bulk at $50 per ton without bags, or $55 in bags. Those who have used it will testify to its superior qualities. It contains no oil of vitriol, but is composed entirely of the best chemicals that can be had. I use no oil of vitriol in the manufacture of my Fertilizer, because I do not want it. I either do I use lime nor ashes.

THE OBJECT OF THE CHEMICAL FERTILIZER

is to introduce a fertilizer that will last for a series of years, not only for one. It contains sufficient ammoniac matter to mature the grain and make it ripen early. The ammonia forces the growth. I expect to procure large crops this winter for the spring sowing, and therefore invite farmers and the public generally to give it a trial on all kinds of Grains and Grasses.

CAUTION.—I hereby give notice that Farm Rights will not be sold unless signed by me, are infringements on my Right, and will be prosecuted and dealt with according to law, from which there is no appeal. All orders will be promptly attended to by addressing me at Gettysburg, Pa.

"UNQUESTIONABLY THE BEST SUSTAINED WORK OF THE KIND IN THE WORLD."

HARPER'S MAGAZINE.

Harper's Magazine, apart from the illustrations, contains from fifty to one hundred per cent. more matter than any similar periodical issued in the English language.

CRITICAL NOTICES OF THE PRESS.

The most popular Monthly in the world.—New York *Observer*.

We must refer in terms of eulogy to the high tone and varied excellence of Harper's Magazine—a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people: and the popularity it has acquired is merited. Each number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the very monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of love of pure literature.—THURBER'S *Guide to American Literature, London.*

It is one of the wonders of journalism—the editorial management of Harper's. * * * All the periodicals which the Harpers publish are almost ideally well edited.—*The Nation, N. Y.*

We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and and instructive reading for all.—*Zion's Herald, Boston.*

THE result of the November Elections is substantially that given last week. In New York, the enormous Democratic majority in the City swamps the Republican majorities in the rural districts, where the vote was light, and elects the Democratic State ticket by from 15,000 to 20,000. The same party will have control of the Legislature—Senate, Republicans 15, Democrats 17; House, Republicans 56, Democrats 72.

The New Jersey Legislature will stand—Senate, Republicans 8, Democrats 12, Independent 1; House, Republicans 26, Democrats 24.

In Illinois, the Constitutional Convention will have 48 Republicans, 40 Democrats, 2 Conservatives, and 1 Independent.

The Senate of West Virginia will stand 18 Republicans and 4 Democrats, and the House 32 Republicans and 24 Democrats.

In Ohio Hayes, Republican, has 7,501 majority for Governor, a gain of 4,518 over two years ago, when his majority was 2,983. The Republicans have both branches of the Legislature, and will ratify the 15th Amendment.

In Massachusetts, the running of a separate Prohibition candidate for Governor and the License fight has reduced the Republican majority somewhat, but Claflin is elected Governor by a clear majority of about 15,000 over both his competitors. The Legislature is largely Republican, but a decided majority in favor of License.

Wisconsin is thoroughly Republican in all its departments, the majority for Governor being about 35,000.

THE attempt of some over zealous but impracticable, Temperance men to organize a Prohibition party, has proved a miserable failure. It was tested in the recent elections in Massachusetts, Ohio, and other States, by running distinctively Prohibition candidates for Governor. In Massachusetts, where Prohibitory enactments are in force, every thing is lost by this unwise action. The Prohibition candidate polled a meagre vote, and they lose the Legislature. In Ohio the Prohibition candidate polled just 670 votes out of a total of 465,433. Experience has shown that there can be but two great political parties, and that the organization of third parties on a single issue must be abortive. At present the Republican and Democratic parties represent the contestants for political power, and through one or the other of these Temperance men must aim to secure salutary legislation. Separate political action simply challenges the hostility of the dominant parties, fails to accomplish practical good, and hazards the good already obtained.

DURING the last week the price of Gold ranged from 126 to 127, being the lowest figures reached since the close of the War. Six weeks ago the great Wall street conspiracy run up the rate to 165, but the bubble burst, and since then there has been a downward tendency, notwithstanding the efforts of gamblers to "bull" it up. The general impression, in financial circles, is that there can be no further advance, but a gradual recession looking to the resumption of specie payments. The causes, which are thus hastening the much desired golden era, are to be found in President GRANT'S economical administration of the Government, the general satisfaction and confidence in its integrity, and Secretary BOUTWELL'S steady reduction of the debt, together with the people's repudiation of repudiators, at the October election.

Gov. HOFFMAN made a speech at a Democratic jollification, in Albany, N. Y., on Friday night in which he announced that the new Democratic Legislature would revolutionize the Republican legislation of the State, and break up all the Commissions by which alone New York city has been saved from *complete* ruin. These commissions, composed of independent men, have been the only barrier between the property of the people and the politicians who run the city Government and fabricate Democratic majorities. Perhaps the Republicans could wish no better way to re-obtain the power which they have lost by their apathy and their divisions.

NOTHING further has been done in the Yerger case, and the impression prevails that it will be allowed to await the action of Congress, which is understood to be in accordance with the desires of the President and the Attorney General. As Chief Justice Chase in his recent opinion very clearly admitted that Congress could regulate the question of jurisdiction, it is not unlikely that a movement may be made for the repeal of that section of the Judiciary act of 1789, under which the Chief Justice claimed that the Court had jurisdiction in this case.

FROM the last monthly returns of the Treasury Department it appears that the total value of the exports of this country for the year ending June 30, 1869, was $316,033,280, gold value. This includes $42,845,966 of specie and bullion. The imports for the same period amounted in gold value to $435,397,646. This may mean either that we have been enriched to the extent of $117,-614,366 by foreign capital sent over here for investment, or that we have spent that amount more than we have produced.

THE Governors of thirty-one States have united with the President in recommending November 18th as a day of thanksgiving and praise.

Gov. GEARY has appointed Gen. Thomas L. Kane, of McKean county, Hon. G. Dawson Coleman, of Lebanon county, Hon. Wilmer Worthington, of Chester county, F. B. Penniman, of Pittsburg, and John Welsh, of Philadelphia, Commissioners of the Board of Public Charities, under the Act passed by the Legislature last winter. The appointments will have to be confirmed by the Senate, but of this there is no doubt, as they are all gentlemen of acknowledged worth and special fitness. The Act provides that the Commissioners shall receive no compensation other than their travelling expenses. One Commissioner is to hold office for one year, one for two years, one for three, one for four, and one five years; and subsequently the Governor shall annually appoint one member to serve for five years, filling vacancies created by death, resignation or removal. The Commissioners shall be sworn before the Secretary of the Commonwealth; shall elect a President, General Agent and Secretary; and, if necessary, a Corresponding Secretary—the salary of General Agent to be $3,000 a year, and that of Corresponding Secretary $1,000. The Board will be provided with a suitable room in the Capitol buildings, where they shall meet at least once every three months.

The General Agent and Secretary's term shall be three years, and his duties shall be to record the proceedings of the Board, oversee its out door business, visit all charaitable and correctional institutions, at least once each year, and oftener, as the Board may direct; examine the returns of the several cities, towns, boroughs and township in relation to the support of paupers, and in relation to births, deaths and marriages; and he shall prepare a series of interrogatories, with the necessary accompany blanks, to the several institutions of charity, reform and correction in the State, and to those having charge of the poor in the several counties, with a view to illustrate, in his annual report, the causes and best treatment of pauperism, crime, disease and insanity; he shall also arrange and publish in his said report all desirable information concerning the industrial and material interests of the Commonwealth bearing upon these subjects, and shall have free access to all reports and and returns now required by law to be made; and he may also propose such investigations as he may think best for the approval of the Board.

The Board shall have general supervision of all these institutions, and any officer or person connected with said institutions disobeying the provision of the act shall be subject to a fine of at least one hundred dollars. All jails, prisons, charitable or correctional institutions shall report annually to the general agent. Members of the Board may administer oaths, and must make annual report to the Legislature.

From the scope of the duties thus prescribed for the Board, it is evident that the Commission will be an important and responsible one. The aim is to bring the entire charitable and correctional system of the State under judicious legislative control, and the result, under an intelligent and judicious Board, cannot fail to be salutary in securing the reform of abuses, and systematic, intelligent State aid where it is now imprudently and often injudiciously given.

IT may not be generally known that there is an act of the Pennsylvania Legislature providing that no estate shall be bequeathed, devised, or conveyed to any body politic, or to any person, in trust for religious or charitable uses, except the same be done by deed or will, at least one month before the decease of the testator or alienor. It is an important provision and persons who contemplate charitable bequests should prepare their wills in due season. We have recently noticed several instances in which such bequests have failed because of the wills not being executed a month prior to the death of the parties. Last week Mrs. Sophia Seylin died in Lancaster, bequeathing $1,000 to Trinity Lutheran Church, and $10,000 to Zion's Lutheran Church.—Both bequests are void, because the will was executed less than thirty days before her death. Not long ago Henry Lawson, of Norristown, died with a bequest of a large amount of money to a Philadelphia association, which failed for the same reason.

THE election in Mississippi and Texas will take place on the 30th inst. In Mississippi James L. Alcorn, Republican, and Lewis Dent, Conservative, are the rival candidates for Governor. In Mississippi, the Gubernatorial candidates are Edward J. Davis, Republican, and A. J. Hamilton, Conservative. The Democrats have no State ticket, but will support the Conservative candidates, the game that was pursued in Virginia and Tennessee. Both parties profess to be confident of success The Democrats and Conservatives are making a vigorous effort to poll the colored vote in both States, and in Mississippi are uniting a colored man, T. Sinclair, for Secretary of State.—Down South the Democracy not only believes in negro suffrage, but vote for negroes for important offices. They are considerable in advance of their brethren up North on this question.

"THE DAY," a new daily Penny paper, has made its appearance in Philadelphia, edited by ALEXANDER CUMMINGS, Esq., with a corps of able assistants. It is a sprightly journal, neatly printed, edited with great ability, and gives a large amount of condensed news items. It starts with a fair promise of success, and ought to command a large circulation. The editor in chief has had large journalistic experience, and the columns of *"The Day"* give evidence of his tact, energy, and editorial capacity. It is neutral in politics, but will fearlessly discuss all issues of general interest.

THE colored population of Pennsylvania in 1860 was 56,949—474 in Adams, 1,340 in Cumberland, 1,799 in Franklin, and 1,366 in York. Allowing one voter to every four inhabitants, the same population would give, under the 15th Amendment, about 14,275 colored voters in Pennsylvania—Adams 118, Cumberland 335, Franklin 445, and York 341.

REAR ADMIRAL Charles Stewart died in Bordentown, N. J., last week, at an advanced age. He commanded the ship "Constitution" during the War of 1812, and received the sobriquet of "Old Ironsides," for his gallant, indomitable pluck and bravery.

A PRESSURE is being made upon Secretary BOUTWELL to induce him to recommend to Congress an additional supply of currency for the South and West. Senator MORTON will advocate in Congress legislation to meet the wants of the West and South.

RECAPULATION.

SENATE—19 Republicans; 14 Democrats. Republican majority, 5. HOUSE—Republicans 59; Democrats 40. Republican majority, 20 On joint ballot 25

GEORGE PEABODY, the eminent American Banker, died in London on Friday last. He started in life a poor boy, but by industry, integrity, and indomitable perseverance, manifested in every position in his early career, gave promise of success in future life—a promise that was fully realized. He was born in Danvers, Mass., in 1795, and at 11 years of age was placed in a grocery store in that town, where he remained four years. Subsequently he engaged as clerk to an older brother in Newburyport, and after that went into the employ of Mr. Riggs, dry goods merchant at Georgetown, becoming in time a partner in the business, and establishing branch houses in Baltimore, Philadelphia and New York. In time he rose to be senior partner of the house of Peabody, Riggs & Co., being charged with the purchase of goods in Europe. In 1837 he took up his residence in London, and as a Banker amassed a princely fortune, a large portion of which he used in later years in benevolent purposes. His gifts in this direction have amounted to over $9,000,000. Among the monuments of his charity are the Danvers (Mass.,) Library, the Baltimore Peabody Institute, with an endowment of $1,400,000 for educating the children of the South, besides numberless private charities. His health has been failing for some time, and he went back to Europe only a few weeks ago, intending to return shortly, but death has called him home. The leading English journals have extended and uniformly eulogistic notices of the deceased. He has doubtless left a large unexpended fortune, which will be disposed of by will.

THE Somerset *Herald*, in referring to the Republican triumph in Pennsylvania, pays a well merited tribute to Hon. WILLIAM H. KOONTZ, late member of Congress for this district, which we can heartily endorse. It will be recollected that Mr. KOONTZ was a member of the State Convention which renominated Gov. Geary. The Committee on Resolutions, in reporting a platform of principles, either through oversight or timidity, ignored all reference to the 15th Amendment and Manhood suffrage. Mr. KOONTZ, on his own responsibility, proposed an amendment in the Convention, which was adopted, squarely endorsing the 15th Amendment, thus challenging the issue with the opposition. In the conduct of the Campaign the Democratic leaders were not slow to accept the gauntlet thus boldly thrown down, and their press teemed with impassioned appeals to the "white man's party," while the old tuned slogan of "down with the nigger" on every hustings summoned the faithful to the conflict. The re-election of Gov. Geary would have been a gratifying result under any circumstances; but the triumph is intensified by the fact that, through the manly action of Gen. KOONTZ, manhood Suffrage has been vindicated, and that today Pennsylvania stands squarely on a platform of advanced and unquestioned Republicanism.

MAJ. GEN. JOHN E WOOL, of the U. S. Army, died in Troy, N. York, on Wednesday, aged 86 years.

ROBERT J. WALKER and AMOS KENDALL are both lying very ill at Washington.

HON. CHARLES J. FOLGER has been appointed Assistant U. S. Treasurer at New York, in place of Mr. Butterfield, who is charged with complicity with the gold ring.

A NUMBER of Jewish rabbis from the principal cities of the Union are in conference in Philadelphia on the subject of reform in the Jewish Church. They adopted resolutions abolishing the use of prayers in the Hebrew tongue, as unintelligible to the masses; disclaiming the doctrine of bodily resurrection or the removal of the Jewish race by a segregation from all other nations, and declaring the Aaronic priesthood, and the Mosaic sacrificial worship to have been merely preparatory steps to Israel's national priesthood, and therefore things of the past, to be mentioned in prayer only in their educational capacity and not to be practiced.

☞A Case of Deafness of 14 years standing (the result of Catarrh) cured by the use of Dr. Sage's Catarrh Remedy.—Levi Springer, Esq., of Durban's Corners, Williams Co., O., writes, under date of January 6, 1869, that he has been using Dr. Sage's Catarrh Remedy, and says it has cured him of deafness of fourteen years standing. He was so deaf that he could not hear a person talk when seated by their side, and can now hear the church bells ringing two miles distant. It is sold by druggists, or send forty cents to Dr. V. OUR COMMON SCHOOLS.—NO. 2.

An Open Letter to a Citizen.

MESSRS. EDITORS.—Some weeks since I received a letter signed "A Citizen," to which I desire to give a reply. I do not know which of the Borough papers "A Citizen" reads. I feel convinced, however, that he reads one of the papers published in the county, for no one could produce a letter so excellently written, unless he were a reading man—unless he were one who patronized the press. I have made it a habit to punctually answer all letters addressed to me in my official capacity. I have delayed giving an answer to this, through the only medium open—the Press—on account of numerous engagements, which have required my attention. Let me here remark parenthetically, that I am sorry some of my correspondents through the county do *not* possess the same quality of punctuality.

The letter from "A Citizen," to which I desire to reply, was well written, polite and excellent in every particular. It indicated that the writer was interested in the welfare of the schools of the county. It contained a serious charge against one of the teachers employed for the present term, and asked me to interfere in my official capacity to prevent him from continuing as a teacher.

I like communications of that character. If there be an incompetent or unworthy teacher, it is the interest of the people to have him driven from the profession, and communications of that character indicate that the writer feels an interest in the education of the rising generation. I have but one fault to find, and that is, that "A Citizen" did not give me his name. Had he done so, it would never have been disclosed, but on the contrary I would have been enabled at once to communicate with him and investigate the matter in an intelligible manner.

I trust that Directors and Teachers—all, who feel an interest in our schools, will communicate with me freely, whenever there is anything, in which my position or my influence can be bought to fear to influence our schools for the better. It is my desire during my term of office to do all I can to advance our schools and make them potential for the objects for which they were instituted. But let writers give their names, relying implicity on my promise, that nothing communicated with an honest purpose shall ever be divulged to the harm of those writing.

I expect in the course of a month or less to visit the District, in which "A Citizen" resides. If in the meantime he will be so kind as to send me his name, I will be able to call on him. Whether he does so or not, I can promise that I will give the subject my attention and endeavor to do whatever, in my limited judgment, may appear best for the good of that particular school, to which he refers.

BIBLE SOCIETIES—ADAMS COUNTY.

Two such Societies have existed in this county for many years, viz. The Ladies' Bible Society of Gettysburg, and the Bible Society of Pennsylvania College and the Theological Seminary. Under the auspices of these associations the people of the county have at various times been visited, and an opportunity has been afforded to all to supply themselves at a very low rate with the Holy Scriptures.

It is now proposed to establish similar societies in the various towns of the county, each having its own depository of books, from which the contiguous population can be kept constantly supplied. For this purpose arrangements have been made to commence this work by holding public meetings, in several places, of those in all the various denominations who are friendly to the Bible cause. The first will be held on Friday evening next, the 12th inst., at Fairfield; the next, on Saturday evening, at New Oxford; the third on Sunday evening, at Littlestown; the fourth on Monday evening, at Petersburg, and the fifth on Tuesday evening following, at East Berlin.

All who desire to see the Word of God, without note or comment, universally distributed, are cordially invited to attend these meetings. They will be addressed by the Rev. J. H. Torrence, Corresponding Secretary of the Pennsylvania Bible Society and other friends of the cause.

"WHO WOULD SUFFER?"

IT IS NOW 22 YEARS SINCE DR. TOBIAS FIRST introduced the "Venetian Liniment" in the United States, and never in a single instance has his medicine failed to do all, if not more than is stated in his pamphlet. As an external remedy in cases of Chronic Rheumatism, Headache, Toothache, Bruises, Burns, Cuts, Sores, Swellings, Sprains, Stings of Insects and Pains in Limbs, Back and Chest, its wonderful curative powers are unknown. Taken internally for the cure of Cholera, Colic, Diarrhœa, Dysentery, Sick Headache and Vomitting, its Soothing and Penetrating qualities are felt as soon as taken. The oath with which each bottle is accompanied will show that there is nothing injurious in its composition. Thousands of certificates have been received speaking of the rare virtues of this valuable article. Any person after having used it once will never be without it. Every bottle of the genuine has the signature of "S. I. Tobias" on the outside wrapper. Sold by the Druggists and Storekeepers throughout the United States.—Price, 50 Cents. ...Why don't you trade with me," said a close-fisted tradesman, the other day. The reply was characteristic. "You have never asked me, sir. I have looked thro' the papers for an invitation in the shape of an advertisement, and found none. I never go where I am not invited."

INFORMATION WANTED.—The parents of John Elliot Kanaval, of Ayr Twp., Fulton county, Pa., would like to get information of his whereabouts. He left home about six weeks ago, and is supposed to have gone towards Gettysburg. He is 16 years old, small in size, and has red hair.

PROMOTED.—We are glad to notice that our young friend, H. Buchanan Danner, has again been promoted to an advanced clerkship in the Internal Revenue Bureau, Washington. He now occupies a 4th class desk, with salary of $1800. This is the second promotion, and is a compliment to his fidelity and capacity, as neither promotion was solicited.

NEW OYSTER SALOON!—E. H. MINNICH would respectfully inform the citizens of Gettysburg and vicinity that he has opened an Oyster Saloon, in connection with Ice Cream, at his old stand, on Chamberburg street, and asks a public share of patronage. He has made special arrangements for the accommodation of Ladies and Gentlemen. By strict attention to business he feels confident of giving satisfaction to all. Families wishing oysters by the quantity will be supplied at lowest market prices. Give him a call. nov. 12-2t

INSTALLED.—The following persons have been installed as officers for the ensuing quarter, for Gen. Reynolds Lodge, I. O. G. T., in this place:

W. C. P., John T. Gladhill; W. V. P., Jennie Powers; W. S., Simon S. Koser; W. A. S., James H. Flemmieg; W. T., A. W. Flemming; W. F. S., David T. Koser; W. C., Alfred Koser; W. M., John H. Beecher; W. D. M., Carrie Young; W. O. S. G., North McElroy; W. O. S. S., Thaddeus W. S. Fisharty; W. R. H. S., David L. Smith; W. L. H. S., William H. Tipton.

WINTER SUNDAY SCHOOLS.—We invite the attention of Sunday School workers to the appeal of Mr. Baughman, Agent of the American Sunday School Union, in to-day's paper. It is a subject worthy of serious consideration. It was thoroughly discussed in the County Sunday School Convention held in Gettysburg a year ago, and resolutions were then unanimously adopted in favor of keeping open Sunday Schools during the entire year. Day-schools are most efficient in the winter season, and a little energy and determination on the part of Sunday School workers would show that it is equally practicable to have Winter Sunday Schools.

SOLD.—Prof. Ehrehart has sold to Rev Samuel B. Smith, a lot of ground containing five or six building lots on the extension of Carlisle street for $1250.

Samuel Jacobs, Executor of David Jacobs, deceased, recently sold the farm of said decendent, in Butler township, to Jacob Wisler—118 acres, at $4,500—taking a small property, in the same township, at $1,100, as part pay.

Blasius Kebli has sold a tract of 26 acres, with improvements, in Liberty township, to Mr. Crouse, of Franklin county, at $1,250.

John McKeson has sold about 12 acres, with improvements, in the same township, to George Stites, at $800.

Francis Coulson has purchased from A. and G. W. Welsh, a tract of 15 acres, with improvements, in Huntington township, at $2,100.

George L. Devilbiss, has disposed of the hotel property in Littlestown, known as the "Globe Inn," to Jacob Sheely, for the sum of $2,800. He has also sold the brick house and lot adjoining the hotel, for $750, to Joseph Wisotsky.

IMPROVEMENTS.—In addition to the improvements in progress in town referred to last week, we notice that Levi Weaver is putting up a three-story brick house on north Washington street, on the lot formerly occupied by the Presbyterian Church as a burying ground. Mrs. Minnigh, having sold the property on which she resides on the corner of Washington and Middle streets, is putting up a two-story frame dwelling on the adjoining lot. Col. Tate, of the "Eagle Hotel," has added another three-story brick wing to the hotel on the east, in the rear of the reading room. The bar will be removed from the basement to the new building, with other changes intended to give increased accommodations and promote the comfort of guests.

In Hamiltonban township, Joseph Andrew has remodelled and improved his barn. In Fairfield, Jacob Musselman is converting the old school house, purchased by him, into a two-story dwelling. Robert Watson has modernized his dwelling near Fairfield, and is putting up a new back building.

ROBBERY AND ARREST.—On Saturday night last a pocket-book, containing $150, was stolen from the person of Alexander Benshoff, who keeps a public house in Fairfield. Mr. B. had laid down on a bench in the bar-room and fell asleep. When the time for closing up came round, the boy attending the bar, and a border named Thomas J. Moore, found some difficulty to awake Mr. Benshoff, and closed up the house, leaving Mr. B. sleeping on the bench. During the night the latter waked up and found his pocket book missing. Suspicion attached to Moore, who left during the night. Moore is a Harnessmaker, and had been working for several weeks for Mr. Yingling, but boarding at Benshoff's hotel. Detective Rouzer was sent for, who worked up the case, and started in pursuit of Moore, whom he arrested in Harrisburg on Monday night. When arrested, the pocket book was found on his person with about $35, the balance having been expended in the purchase of a new suit of clothing, watch, &c. Moore was brought to Gettysburg and committed by Justice Cover to answer at next court.

CONCERT AND ORATORIO.—The Sabbath School of Christ Church are arranging to give a Concert in Agricultural Hall on Thursday evening next, Nov. 18, (Thanksgiving night,) which will undoubtly be a pleasant entertainment. The programme will be a varied one, consisting of Instrumental and Vocal Music, Singing by the School, Quartettes, &c., some of our best amateur musicians having kindly tendered their services. There will be several special exercises, "The Golden Nine," "Precious Jewels," and the "Oratorio of Two Altars," the latter exercise being in six parts. The hall will be handsomely decorated, and the entertainment promises to be an attractive one. Doors open at 6½ o'clock; Concert to begin at 7. Tickets can be had at A. D. BUEHLER'S, FAHNESTOCK BROTHERS, and at the door—25 Cents; children under 12 years 15 Cents.

DUNNING.—One of our exchanges, hard up for money to meet expenses, has been compelled to dun prety sharply, and ingeniously puts in rhyme the apology therefor—which we commend to the attention of our own readers:

"Should you ask why this dunning,
Why these sad complaints and murmurs,
Murmurs loud about delinquents
Who have read the paper weekly,
Read what they have never paid for,
Read with pleasure and with profit,
Read of State affairs and prospects,
Read of news both home and foreign,
Read of essays and the poems,
Full of wisdom and instruction,
Read the table of the markets,
Carefully corrected weekly?
Should you ask us why this dubning?
We should answer, we should tell you.
"From the printer, from the muller,
From the kind old paper-maker,
From the landlord, from the carrier,
From the man who takes letters,
With a stamp from uncle Samuel—
'Uncle Sam' the rowdies call him;
From them all there comes a message,
Message kind and firmly spoken,
'Please to pay us what you owe us.'
"Sad it is to hear such message,
When our funds are all exhausted,
When the last bank-note has left us,
When the gold coin all has vanished,
Gone to pay the paper-maker,
Gone to pay the toiling printer,
Gone to pay the landlord tribute,
Gone to pay the nimble carrier,
Gone to pay the faithful mailer,
Gone to pay our Uncle Samuel—
Uncle Sam the rowdies call him—
Gone to pay for used up paper
Ten and twenty hundred dollars:
"Sad it is to turn our ledger,
Turn the leaves of this old ledger,
Turn to see what sums are due us,
Due for volumes long since ended,
Due for years of pleasant reading,
Due for years of toilsome labor,
Due despite our constant dunning,
Due in sums from three to twenty.
"Would you lift a burden from us?
Would you drive a specter from you?
Would you taste a pleasant slumber?
Would you have a quiet conscience?
Would you read a paper PAID FOR?
Send us money—send us money,
Send us money—*send us money;*
SEND THE MONEY THAT YOU OWE US!"

STOLEN.—On Sunday night last a roan Horse, 9 years old, 15 or 16 hands high, was stolen from the premises of John Mehring, in Cumberland township.

EXHIBITION.—On Tuesday evening the pupils of Miss McClellan's school gave an Exhibition in Agricultural Hall, which passed off pleasantly and satisfactorily. Speeches, Singing, Tableaux, &c. Some of the tableaux were quite artistically gotten up, and made a favorable impression. The musical part of the programme was under the direction of Miss Eva Danner.

BEES WAX—American apiarists are perhaps not generally aware of the enormous consumption of this article in Europe, and the value of the supply from the United States. We have before us a circular from Alexander S. Macrae, Anglo-American Produce Broker, of Liverpool, England, of Oct. 28, giving the quotations at that date for American bright pressed yellow Wax at 45 to 51 cents per lb., and from 43 to 43½ for rough mixed—American Wax commanding the highest prices in market. Independently of the very large yield of Mineral and Vegetable Waxes, England alone must consume some 2000 tons of Bees Wax a year, to the value of, say $2,100,000! As an instance of the consumption, it is mentioned, that one European palace alone burns ten thousand wax candles nightly The method of lighting them is ingenious! The respective apartments being prepared with the candles, an inflammable and scented web-like link (gun cotton) runs from wick to wick. Immediately one end of the link is lit, the flame flashes round the connected wax lights with lightning rapidity, and in a moment they are all simultaneously inflamed! As the link burns and ignites each candle, an agreeable odour is emitted, and the apartments at once, from one end to the other, are thus not only illumined, but perfectly refreshed and perfumed, as if by magic!

PETERSON'S MAGAZINE for December is on our table in advance. It is a splendid number, with two steel engravings, a mammoth fashion plate, a colored pattern in Berlin work, and nearly fifty wood cuts. We do not wonder at the immense circulation of "Peterson,"—said to be the largest in the world—for it really gives more for the money than any other. Every lady ought to subscribe for it. Its Mammoth Colored Fashion Plates are always the latest and prettiest. Its stories are the best published anywhere. In 1870, in addition to its usual quantity of short stories, Five Original Copy-Right Novelets will be given, among them "The Prisoner of the Bastile," by Ann S. Stephens, "The Secret at Bartram's Holme," by Jane C. Austin, "How it Ended," by Frank Lee Benedict, &c., &c. About 1,000 pages of reading matter will be given in 1870, 12 Mammoth Colored Fashions, and 14 superb Steel Engravings. The Magazine will be greatly improved. The terms, however, will remain Two Dollars a year to single subscribers. To Clubs it is cheaper still, viz: four copies for $6.00, with a large engraving, (24 inches by 16), "Our Father Who Art in Heaven," as a premium to the person getting up a club; or eight copies for $12.00, with both an extra copy of the Magazine and the engraving, as premiums. We can speak, from personal knowledge, of the beauty of this Engraving. Now is the time to get up Clubs for 1870.

TO BE CLOSED.—We are requested to state that the Stores and places of business in Gettysburg will be closed on Thursday next—Thanksgiving day.

DEDICATION.—The new Odd Fellows Hall in York Springs Borough is nearly completed, and will be dedicated in a few weeks. The officers of the Grand Lodge will probably be present.

UNION SERVICES.—By an arrangement between the Pastors of the various churches in town, there will be services in the United Presbyterian Church, (Rev. Mr. Jamieson, Pastor,) on Thursday morning next—Thanksgiving day.

PROF. KIDD.—We are happy to be able to announce that the distinguished Elocutionist, Prof. Kidd, will give an elocutionary entertainment in Agricultural Hall, Nov. 23d. All who know of the ability of this gentleman anticipate a rich treat in his readings and recitations on this occasion.

"Why don't you trade with me," said a close-fisted tradesman, the other day. The reply was characteristic. "You have never asked me, sir. I have looked thro' the papers for an invitation in the shape of an advertisement, and found none. I never go where I am not invited."

INFORMATION WANTED.—The parents of John Elliot Kanaval, of Ayr Twp., Fulton county, Pa., would like to get information of his whereabouts. He left home about six weeks ago, and is supposed to have gone towards Gettysburg. He is 16 years old, small in size, and has red hair.

PROMOTED.—We are glad to notice that our young friend, H. Buchanan Danner, has again been promoted to an advanced clerkship in the Internal Revenue Bureau, Washington. He now occupies a 4th class desk, with salary of $1800. This is the second promotion, and is a compliment to his fidelity and capacity, as neither promotion was solicited.

NEW OYSTER SALOON!—E. H. MINNICH would respectfully inform the citizens of Gettysburg and vicinity that he has opened an Oyster Saloon, in connection with Ice Cream, at his old stand, on Chamberburg street, and asks a public share of patronage. He has made special arrangements for the accommodation of Ladies and Gentlemen. By strict attention to business he feels confident of giving satisfaction to all. Families wishing oysters by the quantity will be supplied at lowest market prices. Give him a call. nov. 12-2t

INSTALLED.—The following persons have been installed as officers for the ensuing quarter, for Gen. Reynolds Lodge, I. O. G. T., in this place:

W. C. P., John T. Gladhill; W. V. P., Jennie Powers; W. S., Simon S. Koser; W. A. S., James H. Flemmieg; W. T., A. W. Flemming; W. F. S., David T. Koser; W. C., Alfred Koser; W. M., John H. Beecher; W. D. M., Carrie Young; W. O. S. G., North McElroy; W. O. S. S., Thaddeus W. S. Fisharty; W. R. H. S., David L. Smith; W. L. H. S., William H. Tipton.

WINTER SUNDAY SCHOOLS.—We invite the attention of Sunday School workers to the appeal of Mr. Baughman, Agent of the American Sunday School Union, in to-day's paper. It is a subject worthy of serious consideration. It was thoroughly discussed in the County Sunday School Convention held in Gettysburg a year ago, and resolutions were then unanimously adopted in favor of keeping open Sunday Schools during the entire year. Day-schools are most efficient in the winter season, and a little energy and determination on the part of Sunday School workers would show that it is equally practicable to have Winter Sunday Schools.

SOLD.—Prof. Ehrehart has sold to Rev Samuel B. Smith, a lot of ground containing five or six building lots on the extension of Carlisle street for $1250.

Samuel Jacobs, Executor of David Jacobs, deceased, recently sold the farm of said decendent, in Butler township, to Jacob Wisler—118 acres, at $4,500—taking a small property, in the same township, at $1,100, as part pay.

Blasius Kebli has sold a tract of 26 acres, with improvements, in Liberty township, to Mr. Crouse, of Franklin county, at $1,250.

John McKeson has sold about 12 acres, with improvements, in the same township, to George Stites, at $800.

Francis Coulson has purchased from A. and G. W. Welsh, a tract of 15 acres, with improvements, in Huntington township, at $2,100.

George L. Devilbiss, has disposed of the hotel property in Littlestown, known as the "Globe Inn," to Jacob Sheely, for the sum of $2,800. He has also sold the brick house and lot adjoining the hotel, for $750, to Joseph Wisotsky.

IMPROVEMENTS.—In addition to the improvements in progress in town referred to last week, we notice that Levi Weaver is putting up a three-story brick house on north Washington street, on the lot formerly occupied by the Presbyterian Church as a burying ground. Mrs. Minnigh, having sold the property on which she resides on the corner of Washington and Middle streets, is putting up a two-story frame dwelling on the adjoining lot. Col. Tate, of the "Eagle Hotel," has added another three-story brick wing to the hotel on the east, in the rear of the reading room. The bar will be removed from the basement to the new building, with other changes intended to give increased accommodations and promote the comfort of guests.

In Hamiltonban township, Joseph Andrew has remodelled and improved his barn. In Fairfield, Jacob Musselman is converting the old school house, purchased by him, into a two-story dwelling. Robert Watson has modernized his dwelling near Fairfield, and is putting up a new back building.

ROBBERY AND ARREST.—On Saturday night last a pocket-book, containing $150, was stolen from the person of Alexander Benshoff, who keeps a public house in Fairfield. Mr. B. had laid down on a bench in the bar-room and fell asleep. When the time for closing up came round, the boy attending the bar, and a border named Thomas J. Moore, found some difficulty to awake Mr. Benshoff, and closed up the house, leaving Mr. B. sleeping on the bench. During the night the latter waked up and found his pocket book missing. Suspicion attached to Moore, who left during the night. Moore is a Harnessmaker, and had been working for several weeks for Mr. Yingling, but boarding at Benshoff's hotel. Detective Rouzer was sent for, who worked up the case, and started in pursuit of Moore, whom he arrested in Harrisburg on Monday night. When arrested, the pocket book was found on his person with about $35, the balance having been expended in the purchase of a new suit of clothing, watch, &c. Moore was brought to Gettysburg and committed by Justice Cover to answer at next court.

COMMON SCHOOLS IN THE COUNTY.

Teachers Employed—Terms and Salaries.

We are indebted to J. H. Wert, Esq., County Superintendent, for the annexed data, giving a full list of the Common Schools in the several districts of the county, which we publish as a local item of general interest. By an examination of the list, it will be seen that in seven districts the length of the school term is 4 months, in two districts 4½ month's, in eleven 5 months, in three (Straban, Oxford and York Springs) 6 months, and one (Gettysburg) 9 months. The salary paid in most of the districts is $30 per month, but it ranges from $24 to $78 per month. These figures, both as to terms and salaries, are too low, and until Directors increase the term and salary we cannot expect to secure the services of first-class teachers, who will naturally go where their capacity command appreciative and remunerative wages.

In several districts the data are defective by reason of the School Boards failing to make report as required by law. But the list will be found substantially correct.—Should there be any inaccuracies, the parties interested are requested to communicate with the County Superintendent, giving the necessary corrections.

Of the 153 teachers given in this list, two hold the Permanent State Certificate, viz: Miss Martha Warren and Miss Mary McGrew. Thirty-eight hold Professional Certificates, nearly all of which will expire on the first Monday of June next.—The remainder hold the Provisional Certificate, which is given for but one year.

THANKSGIVING.

MESSRS. EDITORS:—I see published throughout the Union, a proclamation of the President, appointing November 18th a day of national thanksgiving. In the midst of the excitements with which the country has just been agitated, the calm and moderate words in which the President calls for a National Thanksgiving come like a storm of peaceful music on the battle-field. We are prone always to think that the former times were better than these, and we do believe that we never are but always are to be blessed. Yet when we reflect that we are everywhere at peace; that the lately rebellious section of our country is rapidly recovering its material prosperity, and surely and steadily approaching complete representation once more in our National councils; when we witness the peaceful triumphs of our advancing civilization which one day span a continent and the next reach across an ocean; when we see our taxes diminishing, our National Debt steadily reduced, and our credit advancing, we may take up the strain which the President has lifted, and render "Praise and Thanksgiving to the Supreme Author from whom such blessings flow, devoutly imploring a continuance of his mercies."

ATTENTION FARMERS.—Try the celebrated Patent Elastic Rubber lined Collars, Saddles and Pads. Warranted to prevent horses from galling and to heal up sore work horses already galled, if properly fitted; and sore necks and backs are kept clean with cold water and Castile Soap, or no pay. WINTER COMING.—Winter is coming, and COBEAN & CUNINGHAM have made arrangements to meet the wants of the public by their large assortment of all kinds of Ready-made Clothing, for Fall and Winter wear, for Men and Boys—also, Caps, Boots, Shoes, &c., which they are selling very low. tf

A SUGGESTION.—No person visiting Pittsburg should neglect visiting the Iron City College and witnessing the operations of this far-famed institution. Those unable to do so can obtain Circulars giving full particulars by addressing the Principals, Smith & Cowley, Pittsburg, Pa. 1t

HOW MANY?—There is nothing lost by having several suits of clothes at once. It gives a pleasant variety in dress, makes the clothing last longer by not being subjected to constant use, and can be adapted to the changes of the weather, so as to be a protection to our health. Try this plan and you will prove the advantage of it. You know, by the way, that at Oak Hall you can get two or three suits for the money some men pay for but one. 1t

Gettysburg, Friday, Nov. 12, 1869.

MILKING WITH DRY HANDS.—I believe that much of the milk gets tainted with noxious or bad odors before it reaches the pail. Some persons, and hired help especially, have a habit of wetting their fingers with the milk once in a while, and then wetting the cow's teats, as they say, to make them milk easier. Now this wetting process causes much foul stuff to drop from their hands or the teats into the pail while milking. This is all wrong; cows can be milked as easy with dry hands as ones. I have been in the habit of milking cows; and although I have met with some hard milkers that require their teats to be softened in order to draw the milk, I have general found it both easier and pleasanter to milk with dry hands. If the teats are dirty, the udder should be washed with tepid water and allowed to dry before milking; and if the teats are very hard and tough, the cow had better be turned into beef, or kept to raise calves.

It is just as easy to make good, sweet, clean butter, as to make poor butter. The best of butter is made from cream gathered as free from milk as possible. To make good butter requires more than ordinary care and attention. Everything should move on with the regularity of the sun. To make butter profitable, great care must be exercised in milking the cows. To milk clean is important. It not only adds to the quantity of butter, but saves the cow from positive injury. Let a farmer or his dairy get the reputation of keeping a good article of butter in every respect, and he will find it not only to pay, but pay well, too.—*Correspondence Practical Farmer.*

GROOMING HORSES.—Though suitable and properly prepared food is the prime requisite for the horse, regular grooming holds the second place in the management of him. A man who omits the customary ablutions at stated times—who goes for days or weeks with uncombed hair, may exists—but does not live in proper sense of the word. So of the horse. Grooming is alike essential to looks, health, and elasticity of action. The curry-comb and card should be brought into daily requisition, nor should the clipping shears be omitted. Fetlocks be-dragled with mud, unkempt and tangled mane, detract much from the appearance of the animal, repress his ambition, and hence diminish his useful ness. A man who neglects the regular grooming of his horse is an enemy both to the beasts and himself; to them because he withholds labor which is their due, and to himself because he depreciates the value of his own prop erty.

TO PREVENT HORSES BEING CHAFED BY HARNESS.—Great care should be taken during the warm weather of summer to prevent horses being chafed by harness. There are several ways to do this. First keep your horse in good, healthy conditions, clean skin with plenty of flesh between it and the bone. Second keep your harness soft and pliable. And third, use him moderately and give the skin a good cleaning after using him, every time. Much also depends on having the harness to fit properly. See that the collar is neither too large nor too small, and that the hames are of their right length and shape; giving an even pressure on the collar. Keep the face of the collar clean and free from inequalities.

It is a very unsightly picture to see a horse with sore shoulders and other parts of the hide worn off by the harness. The owner or driver of such a team ought to be ashamed of himself.

FEEDING STOCK.—The *Hearth and Home* says: "In feeding farm animals, remember that when you place food before an animal it is eaten for three purposes: to give muscular strength, to supply heat, or to make fat or butter. The more a cow consumes in muscular waste, the less goes to milk. The more she needs to keep herself warm the less she can yield of milk or flesh. Coarse, rough food, as swamp hay, butts of corn stalks, and straw, yield some starch or carbon. This is the reason why an animal in an open shed will eat trash which it would reject in a warm stable. Yet there is nothing gained by starving them to rough fodder. Good shelter would be cheaper. The richer the food in albumen, the more vigor and muscle will it make. The farmer gains more by a few high-fed animals than from much half-starved ill-housed stock."

TREATMENT OF SPRAINS AND BRUISES.—The best treatment of sprains and bruises is the aplication of water, of such temperature as is most agreeable. The degree of temperature varies with the temperature of the weather and the circulation. In a hot day use cool or cold water. The bruised or sprained part may be emersed in a pail of water, and gently pressed and manipulated with the hand or soft cloth, for ten or fifteen minutes, or even longer in severe cases, after which wrap up the parts in cloths wet in cold water and kept quiet. This treatment keeps down the inflamation, and in nine cases out of ten proves a speedy cure. The liniments and filthy ointments so much used for sprains and bruises, do not compare with this simple treatment in efficacy.—*Herald of Health.*

FALL PLANTING OF TREES.—More trees are transplanted in the Spring than the Fall, because such is the custom. But most fruit growers prefer Fall planting. During the winter, while the tree is at rest, the roots and rootlets accommodate themselves to the new ground, so that in Spring, when growing time arrives they are ready without loss of time to strike out their fibres in every direction. A tree well planted in Fall gains nearly a year over one planted in the Spring. This is said to be the experience of those who have tried both Spring and Fall planting.

Trees may be planted from now until the ground is frozen. The Indian Summer is probably the best time for planting.

We advise persons who are setting out trees to select only the choicest varieties. Don't plant a young tree merely because it costs you nothing.

COLIC IN HORSES.—J. R. Langworthy, Alfred, N. Y., sends the following cure:—"Stir wheat flour into cold water until it is as thick as will run freely. For an adult a large tea cup or tumbler full is enough—for a horse a quart may be required. Repeat the dose in from twenty to forty minutes, if necessary. However, the second dose is rarely needed."

THE plan of allowing hogs the range of the orchard, that they may pick up and destroy the wormy apples as fast as they fall, will be found both convenient and practicable.

THE WORLD,

DODGES', OHIO AND BUCKEYE

Reapers and Mowers.

A careful examination of these machines will convince any one of their superior merits over all others, in strength, durability, ease of draft, and reliability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

These machines can be sold as Naked Mowers—REAPERS as Hand Rake, Self-Rake, or Dropper.—Two different sizes: No. 1 Machine, with two cutter Bars and three Knives, cutting five and a half feet in grain and four feet eight inches in grass; No. 2, cutting four feet six inches.

We have that confidence in these machines that we are willing to let those wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGES' ATOMAN SELF-RAKE has given such general satisfaction that we consider it the best Self-Rake out, and is attached to no other machine except the Dodge Machine, the Ohio and Buckeye, patent.

For the benefit of those wanting machines we would refer them to a few of those to whom we have sold the last season, viz:

John Deardorff, Sen.,	Henry Culp,
Ephraim Lady,	Henry King,
George Lady,	Elisha Penrose,
Jonathan Winer,	David Stewart,

John Eckert,	Wm. Bigham,
Wm. Funt,	John Guise,

Wm. Gulden,	John N. Boyer,
Wm. Ross.	

Also, WHEETOOTH HAY RAKES, including the celebrated Brandt Rake, and Self-discharging Rake. Also, PLOUGHS, FANNING MILLS, AND FARM IMPLEMENTS GENERALLY.

Persons wishing to examine machines will find them at the warehouse of JOSEPH WIRLE & SONS, Gettysburg Pa., or at the residence of the subscriber, 2 miles from Gettysburg, on the Harrisburg road. Persons wanting Circulars will address the subscriber, Gettysburg, Pa.

STILL AHEAD!

HOFFHEINS'

REAPER & MOWER,

One of the Greatest Machines of the Age,

IS superior to any other Machine now in use, and will excel any that will ever be introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work, in all kinds of grass and grain.—It cuts lodged grain admirably, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel center bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

A full trial of the M-chine can be had.

Also, SHERMAN'S SELF-DISCHARGING HORSE RAKE, and the great and well-known BRANT RAKE, and the best rakes ever introduced. We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

ALSO, THE KELLER AND EXCELSIOR FANNING MILL, the old Ambrough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Any person wishing to examine these machines can see them at the Battle-field Hotel or at my residence, 3 miles from Gettysburg, between the Taneytown road and the Baltimore pike.

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the different patented Grain Separators, and now has the reputation of being the best Separator ever produced; in fact, the only Separator and Cleaner ever before the public to give general satisfaction.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thresher and sheaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation, not making near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them we must come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:

Miscellaneous.

FORTY THOUSAND

CASES OF GOODS

were shipped from our house in One Year, to families, clubs, and merchants, in every part of the country, from Maine to California, amounting in value to over

ONE MILLION DOLLARS.

Our facilities for transacting this immense business are better than ever before. We have agents in all the principal cities to purchase goods from the Manufacturers, Importers, and others, for CASH, and often at an immense sacrifice from the original cost of production.

Our stock consists, in part, of the following goods:

SHAWLS, BLANKETS, QUILTS, COTTONS, DING-HAMS, DRESS GOODS, TABLE LINEN, TOWELS, HOSIERY, GLOVES, SKIRTS, CORSETS, &c., &c.

SILVER-PLATED WARE, SPOONS, PLATED ON NICKEL SILVER, DESERT FORKS, FIVE-BOTTLE PLATED CASTORS, BRITANNIA WARE, GLASS WARE, TABLE and POCKET CUTLERY, in great variety.

ELEGANT FRENCH AND GERMAN FANCY GOODS, BEAUTIFUL PHOTOGRAPH ALBUMS, the newest and choicest styles in Morocco and Velvet Bindings.

MOROCCO TRAVELLING BAGS, HANDKERCHIEF AND GLOVE BOXES, &c.

GOLD AND PLATED JEWELRY, OF THE NEWEST STYLES.

We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one-half the regular price—such as Bryant, Mrs. Mowatt, Burns, Milton, and TENNYSON'S Works, in full Gilt and Cloth Bindings,—and hundreds of others.

ONE DOLLAR FOR EACH ARTICLE.

We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about

One-Half the Regular Rates.

We want good reliable agents in every part of the Country. By employing your spare time to form clubs and sending us orders, you can obtain the most liberal commissions, either in CASH or MERCHANDISE, and all goods sent by us will be as represented, and we guarantee satisfaction to every one dealing with our house.

Agents should collect ten cents from each customer and forward to us in advance, for Descriptive Checks of the goods we sell.

The holders of the Checks have the privilege of either purchasing the article thereon described, or of exchanging for any article mentioned on our Catalogue, numbering over 300 different articles,—not one of which can be purchased in the usual way for the same money.

The advantages of first sending for Checks are these:—We are constantly buying small lots of very valuable goods, which are not on our catalogues, and for which we issue chec
